

Monorail gearboxes

Bevel helical gearbox bogie mounted

- Maximum speed: 80KPH
- Maximum axle load: 13t
- Bevel - helical reduction: 3.9:1
- Input traction torque: 4000Nm
- Input and output flanges designed to ISO dimensions

Bevel helical gearbox vehicle mounted

- Maximum speed: 90KPH
- Maximum axle load: 9t
- Bevel - helical reduction: 8.7:1
- Input traction torque: 1200Nm
- Output flanges designed to ISO dimensions
- Tapered input coupling shaft seat

David Brown Santasalo

Geared for service

From the moment you engage with David Brown Santasalo, our dedicated team of experts is there for the lifetime of your gearbox. We pride ourselves on developing close relationships with our customers to the point that we understand the pressure on equipment and personnel.

Our team is there to ensure maximum productivity and efficiency and will respond rapidly with whatever you need, whether it's a technical proposal, or onsite repair and maintenance. Together we will create the best asset management strategy to help you maximize product availability and reliability, whilst minimizing total cost of ownership.

With dedicated teams based around the world, we can offer vital support for any gearbox on a global 24/7 basis.
